MERCK
Animal Health

Mark Gardiner - Gardiner Angus Ranch, Ashland, KS

I TRUST VISTA.

Mark Gardiner, a leading seedstock producer, aims to raise calves that never have a bad day. For that, he relies on his vet and Vista.

"We know and trust Vista," Gardiner says. "We have for years. It works extremely well so that cattle reach their full potential."

Only Vista vaccines offer the most complete, longest-lasting respiratory protection for your cattle – and one-dose fetal protection for your cow herd.[1,2]

Get reliable protection. Talk to your veterinarian about Vista vaccines.

To order contact your MAH representative, Jake Osborn at (937) 725-5687.

SALE LOCATION
REALITY FARMS, 794 Port RoyalRoad, Campbellsburg, KY (See map on page 14.)

LOT NUMBERS
The tags on animals will correspond with the lot numbers in the sale book. Ear tags on calves at the side of dam correspond with the dam's number.

HEALTH PAPERS
Each lot will have an individual health certificate. Out-of-state buyers should be aware of any special requirements and/or permits of their respective states. A vet will be present to assist with reconsignment of health papers.

DELIVERY
Consignors will help with trucking arrangements as much as possible. Cattle need to be moved as soon as possible after the sale. Please make arrangements accordingly.

INSURANCE
Insurance is available on all cattle selling. Please notify clerks at time of settlement if insurance is desired. All purchases become the risk of purchaser as soon as sold.

SETTLEMENT
Satisfactory settlement (payment in full unless prior arrangements have been made) must be made with the clerks prior to the movement of any purchases from the sale facilities.

EPDS
The EPDs printed in this sale book were taken from the American Angus Association as of March 18, 2019. EPDs are now updated weekly by the American Angus Association, so current EPDs may vary from the EPD printed in the sale book.

REGISTRATION CERTIFICATES
A transferred registration certificate will be provided for each animal that sells.

AI CERTIFICATES
No AI certificates will be furnished for females bred to bulls not owned by the seller.

GENETIC DEFECTS
Each animal in the sale will have a current status for AM, CA, NH and DD listed in this sale book or an update sheet which will be available sale day if that status has changed since the publication of the sale book. GMAA is now accepting cattle into sales regardless of their genetic defect status as long as they are registered with the American Angus Association. Potential carriers are denoted with a "P" behind the notation of the genetic defect of which they are a potential carrier, i.e. AMP, CAP, DDP and NHP. The absence of any such notations means the animal is not regarded as a potential carrier because of the pedigree.

LIABILITY
Neither the Great Meadows Angus Association, the sellers, the sale managers, nor any other person connected with the sale assumes any liability - legal or otherwise.

TERMS & CONDITIONS
This sale is being conducted under the current suggested Sale Terms and Conditions adopted by the American Angus Association. Except for those stated in the terms & conditions, there are no warranties, either expressed or implied, as to merchantability of fitness for a particular purpose with respect to the cattle being sold in this auction. The warranties and guarantees set forth in the "Terms & Conditions" are in lieu of all other warranties, either expressed or implied and the remedies provided therein shall be the sole and exclusive remedy of the buyer (or any party claiming through buyers) for any breach of warranty or guarantee therein provided and all other obligations or liabilities. Copies of the Association Terms & Conditions will be available at the clerk's desk at sale or online at www.angus.org.

Coleman Charlo 3212 - reference sire

Coleman Donna 504 is one of Larry Coleman's favorite female's and he has lots of progeny hitting the ground. He is excited about the impact she will have in his herd. Charlo 3212 daughters have the best udders and he is a bull known to add length, width, muscle and extra performance. He is also the full brother to the $450,000 ½ interest Coleman Bravo. With two shots of the immortal Donna 714 in her pedigree you can understand the excitement and predictability this mating represents. Ratio's include BR2@93-NR2@109 and YR 117. Selling 2 packages of 3 IVF Trans Ova sexed female embryos guaranteeing 1 pregnancy if done by AETA certified technician. Buyer responsible for shipping

Coleman Bravo 6313 - reference sire

I like this mating of the deceased Coleman Blackbird 1565. She has production records of BR 4@97, NR of 102 and YR of 104. She is the maternal sister to OCC Paxton. With her perfect udder, base width, and perfect feet you can imagine her possibilities. Coleman Bravo has the potential to be a breed changer. Gentle, athletic, and scale crushing weight, he is a bull that has caught the attention of many great cattlemen. The science.

The Purina® All Seasons™ Cattle Nutrition Program delivers customizable solutions that have been proven successful on our farm in Missouri, as well as all across the country in over 1,800 field trials. We even have a 120 head Black Baldy herd and calves, which are used to develop and evaluate supplementation programs that enhance forage use and improve cow productivity. By matching the correct solutions for a cattleman's available forage, cattle are assured to receive the right nutrition and perform to their highest potential. From the cow to the finished steer, this program supports healthy cattle and allows them to achieve greatness at every life stage.

The proof.

- **Consignor: Blevins Black Cattle**
- This Bismark son has a touch more growth and frame than some of his contemporary's. This can be counted on due to his impressive Champion Hill dam that produced the phenomenal Insight daughter that sold in the 2017 Fall sale to the Jeffries Family. Calving ease plus growth.
